

Life Scope

BSM-3500

BSM-3700

BSM-3000 series

TFT LCD touch screen

BSM-3500: 12-inch, BSM-3700: 15-inch

Number of waveforms

BSM-3500: 14, BSM-3700: 15

Basic parameters

ECG, RESP, NIBP, SpO₂ (Nihon Kohden, Nellcor OxiMax or Masimo SET), TEMP

MULTI connector parameters

IBP, CO, CO₂ (mainstream), BIS, APCO

Options

CO₂ (sidestream), Multigas, FLOW/Paw, EEG, esCCO, iNIBP

Other features

- 12-lead ECG analysis
- 72-hour, 5 waveforms full disclosure
- Battery operation

Life Scope

BSM-6000 series

TFT LCD touch screen

BSM-6301: 10-inch, BSM-6501: 12-inch, BSM-6701: 15-inch

Number of waveforms:

15

Basic parameters

ECG, RESP, NIBP (iNIBP), SpO₂ (Nihon Kohden, Nellcor OxiMax or Masimo SET), TEMP

MULTI connector parameters:

up to 7
IBP, TEMP, CO, RESP (thermistor),
FiO₂, CO₂ (mainstream), BIS, SpO₂-2*, APCO

Options

CO₂ (sidestream), Multigas, FLOW/Paw, EEG, esCCO

Other features

- 12-lead ECG analysis
- 72-hour, 5 waveforms full disclosure
- Dual battery configuration
- Transport function*

*depending on the monitor configuration

Detachable input unit

BSM-3000 series

TFT LCD touch screen

BSM-3500: 12-inch, BSM-3700: 15-inch

Number of waveforms

BSM-3500: 14, BSM-3700: 15

Basic parameters

ECG, RESP, NIBP, SpO₂ (Nihon Kohden, Nellcor OxiMax or Masimo SET), TEMP

MULTI connector parameters

IBP, CO, CO₂ (mainstream), BIS, APCO

Options

CO₂ (sidestream), Multigas, FLOW/Paw, EEG, esCCO, iNIBP

Other features

- 12-lead ECG analysis
- 72-hour, 5 waveforms full disclosure
- Battery operation

Vismo

PVM-2701/PVM-2703

10-inch color TFT LCD touch screen

Number of waveforms

PVM-2701: 4, PVM-2703: 5

Basic parameters

ECG, RESP, NIBP, SpO₂, TEMP

MULTI connector parameters (PVM-2703 only)

IBP, CO₂

Option

iNIBP

Other features

- 3-hour battery operation
- 120-hour, 1 waveform full disclosure

A real transport monitor

Life Scope

BSM-1700 series

TFT LCD 5.7-inch touch screen

Number of waveforms: 9

Basic parameters

ECG, RESP, NIBP (iNIBP), SpO₂ (Nihon Kohden, Nellcor OxiMax or Masimo SET), TEMP

MULTI connector parameters

IBP, CO₂, CO, BIS, SpO₂-2

Option

esCCO

Other features

- 12-lead ECG analysis
- 72-hour, 5 waveforms full disclosure (Standard mode)
- 5-hour battery operation

One action to go

To transport the patient, just remove the Life Scope PT from the cradle with one action without losing parameters.

It is easy to carry and you can hook it onto a bed rail without a bed rail adapter.

Powerful input unit

Life Scope PT can be used as input unit of BSM-6000 and CSM-1901 bedside monitors.
